

What your colleagues have to say about attending the AFELA Elder Concert?

"There are several reasons why I have attended the Elder Concerts for at least the last 4 years. Yes, it is an opportunity to accumulate CEUs in a local setting; but I also appreciate learning new legal innuendos regarding elder issues I face daily. For example, last year I attended a workshop that addressed the legal requirements regarding employees vs independent contractors in a small business. Another workshop addressed my legal responsibility as a guardian in using a Nurse Registry vs a Healthcare Agency, and how the insurance those providers now carry has changed. The Elder Concerts also provide a wonderful networking opportunity with professionals who deal with elder issues. Most of my guardianships come from referrals by Elder Law Attorneys who know me and my ability to care for my Wards - and their families."

"By attending the Elder Concert last year, I was able to catch up with the latest updates on critical senior topics. It is an excellent way for me to gather multidisciplinary information when working with elders and the disabled. Thank you Mr. Solkoff and AFELA members for the time and recourses you invest in this event."

"I found the Elder Concert to be a very satisfying experience because the programs dealt with real issues and provided nuts and bolts information. It was a breath of fresh air from the usual hot air, ivory tower seminars!!"
